TEMAKI BONANZA 295

Vad är Temaki?

Temaki är ett traditionellt sätt att äta sushi på i Japan, både hemma med din familj, hos vänner eller som picnick. Tänk dig typ japanska tacos fast med sushi tillbehör. Rulla dina egna sushi-strutar av noriblad och fyll dem med olika goda tillbehör.

Allt serveras vid bordet.

Denna tradition vill vi hylla på TAKs brunch varje lördag.
Drick gärna sake till, eller varför inte en japansk bloody mary.
Kanpai!

What is Temaki? Temaki sushi, also known as hand rolled sushi, is a popular casual Japanese food. The conelike form of temaki incorporates rice, specially prepared seaweed called nori, and a variety of fillings.

Everything arranged at the table.

This tradition we want to tribute here at Tak's brunch every Saturday.

Enjoy it with a sake or why not a Japanese bloody mary.

Kanpai!
